Vijayawada, Andhra Pradesh - 5223341, India

PROFILE SUMMARY

Experienced QE Automation Tester with a strong background in designing and developing automation frameworks, as well as manual testing. Proficient in web automation using Robot Framework, Selenium, and Browser Library (Playwright), with expertise in continuous improvement of testing processes. Skilled in designing, planning, and implementing test cases, while managing the complete Test Life Cycle (TLC) to ensure the delivery of high-quality software products.

EXPERIENCE

• Capgemini [🌐]   *August 2021 - Present*
Senior Software Engineer   *Hyderabad, India*

○ Designed, developed, and implemented test automation scripts and framework for various software projects. Reviewed business requirements and functional specifications to define and execute test cases, ensuring full understanding of deliverables.

○ Automated web testing using Robot Framework with Selenium and Browser(Playwright) libraries, enhancing test efficiency and reducing manual effort through developed and maintainable scripts.

○ Utilized QTest for test management, effectively tracking test cases, executions, and defects. Conducted functional, regression, performance, and end-to-end testing of new application releases and change requests in a Kanban process, continuously improving manual testing processes and supported tools. Leveraged Kanban board for streamlined workflow management, ensuring efficient prioritization and tracking of testing tasks.

PROJECTS

○

RBC Express   *2024 - Present*

* Designed and implemented an Automation framework for regression, functional, and unit testing to ensure thorough software validation.
* Creation and maintaining Automated test scripts for web applications using Robotframework and Browser library.
* Developed comprehensive test plans, designed detailed test cases, and executed them to ensure full coverage of business requirements, effective defect identification, and overall software quality.
* Worked on QTest for test management, effectively tracking test cases, executions, and defects.

○

RBC Emerald   *2023 - 2024*

* Implemented Web and API automation using Robot Framework and Browser(Playwright) Library, demonstrating strong business etiquette and customer focus to ensure that automation solutions met client requirements .
* Created and implemented thorough test plans, test case design and test generation. Test Execution to ensure complete requirements coverage and accurate defect detection.
* Worked on migration of data from one client to another. Through regression and unit testing.
* Worked on QTest for test management, effectively tracking test cases, executions, and defects.

○

President's Choice Financial   *2022 - 2023*

* Creation and maintaining automated scripts for web applications using Robot framework with Selenium Library.
* Worked on excel data manipulation. Data driven automated testing using Robot framework with Excel Library.
* Functional testing of web application thoroughly and ensuring high quality of product readiness.
* Bugs identification, preparation of defect reports, and track test progress.
* Created and executed test cases for user scenarios and user acceptance testing(UAT).

EDUCATION

PVP Siddhartha Institute of Technology
B.Tech

2017 - 2021
Vijayawada, India

* Electrical and Electronics Engineering
* GPA: 6.51

Sri Venkateswara Junior College
Intermediate

2015 - 2017
Ponnuru, India

* MPC
* GPA: 9.4

K.Z.P High School
Secondary Education

2014 - 2015
Inturu, India

* GPA: 9.0

SKILLS

◦ **Web automation**
◦ **API Testing**
◦ **Robot framework**
◦ **Selenium, Browser library**
◦ **Qtest**
◦ **Test Case design, Test Case Planning**

HONORS AND AWARDS

Star of the Month
Capgemini

2023

* Awarded for consistently exceeding expectations, demonstrating leadership, and making a significant impact on team success.

Client Appreciation
Capgemini

2023 - Present

* Received commendations from clients for outstanding service and performance, showcasing exceptional problem-solving skills and dedication to client satisfaction.
